FORT ST.GEORGE,
M A D R A S.

Sir,

The Director of Public Health has been suggesting the appointment of a Woman Medical officer or a Health Visito in this Municipality year arter year for the last four years. No effect could however be given to these suggestions due to want of funds. In his letter R.No.156-1-M, dated the 20th February 1935 he evolved a scheme for this municipality. But as funds do not permit of such a costly scheme the council has decided to have only a Woman medical officer.

The council at present employs eight midwives

for maternity and child welfare work in this town. The supervision of their work is now being done by the Municipal Health Officer. It is found however that it is necessary to have a ~~Lady~~ Woman Medical Officer to be in charge of this work. Such an officer can, not only more effectively supervise the work of the midwives but can as well assist them in conducting difficult labour cases which the midwives feel require handling by a doctor. The poorer classes of people can thus have the services of a doctor without payment of a heavy fee. On a consideration of these facts the Municipal Council in its Resolution No.23 dated the 15th April 1935 sanctioned the appointment of a Woman Medical Officer on the scale of pay fixed by the Government and ~~suggest~~ subject to the approval of the Government. The necessary provision has also been made in the current year's budget to meet the cost of this establishment. A copy of the Council's resolution is enclosed. page 3 ante

I request that Government may be pleased to accord sanction for the entertainment of the Woman Medical Officer on the scale of pay fixed by Government for the post.

Your obedient servant,

C. R. Ramachandrans

Commissioner.

When scales of pay have been fixed for Medical Officers under Dist. Bds. there is no justification for allowing the Mangalore Municipal Council to appoint a Woman Medical Officer on a Spl scale although it may be subject to revision at some future date by Govt.
